**DECLARATION OF PATRICK T. EGAN IN SUPPORT OF  
CLASS COUNSEL'S MOTION FOR AWARD OF ATTORNEYS' FEES AND  
REIMBURSEMENT OF EXPENSES**

I, Patrick T. Egan, pursuant to 28 U.S.C. §1746, hereby declare as follows:

1. I am a partner with the law firm of Berman Tabacco. The statements herein are true to the best of my personal knowledge, information and belief based on the books and records of Berman Tabacco and information received from its attorneys and staff.

2. Berman Tabacco serves as additional Plaintiff's counsel for the putative class in the above-captioned actions (the "Actions").

3. I respectfully submit this declaration in support of Class Counsel's Motion for Award of Attorneys' Fees and Reimbursement of Expenses and seek attorneys' fees and reimbursement of expenses my firm incurred in the Actions.

4. During the course of this litigation, and as detailed herein, Berman Tabacco worked on assignments that it was specifically directed to perform by Class Counsel Lowey Dannenberg, P.C. ("Class Counsel").

5. Set forth below in ¶ 7 are the lodestar value of the attorneys and professional staff of Berman Tabacco from: (i) inception to December 31, 2022; and (ii) October 1, 2019 to December 31, 2022, describing the lodestar value of the hours worked since Class Counsel's previous motion seeking an award of attorneys' fees in the Actions. The lodestar for the period from inception through September 30, 2019 is based on the firm's hourly rates in 2019, as previously reported to this Court, and the lodestar for the period from October 1, 2019 through December 31, 2022 is based on the firm's 2022 hourly billing rates. The schedule in ¶ 7 was prepared based upon daily time records maintained by attorneys and professional support staff at Berman Tabacco. The time and lodestar spent preparing fee and expense applications have been excluded. For personnel no longer employed by Berman Tabacco, the lodestar calculation is based on the billing rates for such personnel in his or her final year of employment.

6. The services Berman Tabacco performed on behalf of the putative class include, but are not limited to, the following: legal research and drafting on district court and appeal issues and filings; working with class certification experts; attend and defend expert depositions; discovery/investigative work; Japanese language document analysis; litigation strategy work; settlement strategy work; and court appearances.

7. Berman Tabacco's total fee compensable time for which it seeks an award of attorney's fees is summarize below.

## THE FIRM

Berman Tabacco is a national law firm with 34 attorneys located in offices in Boston and San Francisco. Since its founding in 1982, the firm has devoted its practice to complex litigation, primarily representing plaintiffs seeking redress under U.S. federal and state securities, antitrust and consumer laws.

Over the past almost four decades, Berman Tabacco's attorneys have prosecuted hundreds of class actions, recovering billions of dollars on behalf of the firm's clients and the classes they represented. In addition to financial recoveries, the firm has achieved significant changes in corporate governance and business practices of defendant companies. Indeed, the firm appears as among the firms with the most settlements on the list of the top 100 largest securities class actions in SCAS' published report, *Top 100 U.S. Class Action Settlements of All Time (as of 12/31/2021)*.<sup>1</sup> According to ISS Securities Class Action Services' "Top 50 for 2015" report, Berman Tabacco was one of only six firms that recovered more than half-a-billion dollars for investors in 2015.<sup>2</sup> SCAS similarly ranked the firm among the few that obtained over half-a-billion in settlements in 2004 and 2009, and ranked the firm 3rd in terms of settlement averages for class actions in 2009, 2010 and 4th in 2004 (SCAS ceased rankings according to settlement sizes in 2012). The firm currently holds leadership positions in securities, antitrust and consumer cases around the country.

Berman Tabacco is rated AV Preeminent® by *Martindale-Hubbell*®. *Benchmark Litigation* ranked the firm as a *Top Ten Plaintiffs' Firm* for its work "on behalf of individuals and institutions who have suffered financial harm due to violations of securities or antitrust laws" for the sixth consecutive year (2017-2022). *Benchmark Litigation* also ranked the firm as *Highly Recommended* in 2022 – the eleventh consecutive time the firm has received that distinction.<sup>3</sup> *The Legal 500* also ranked the firm as *recommended* in securities litigation in its 2017-2022 U.S. editions and as *recommended* in antitrust litigation in its 2019-2022 U.S. editions, noting in 2019 that the firm is known for its "soup-to-nuts excellence, from legal analysis through to trial preparation and trial," and that clients had noted that the firm makes a "very comprehensive effort, with no stone left unturned." In 2020, *The Legal 500* reported client praise for Berman including that the firm has "[a]n excellent team from top to bottom. It provides superb responsiveness and is able to dig in hard at a moment's notice." And further that, the team is "always prepared and [has] deep knowledge of the issue. It is a pleasure to observe a team that so well coordinated." Additionally, *Chambers USA* recognized the firm in its *Securities Litigation – Mainly Plaintiff* category in 2021 and 2022 in both its *USA Nationwide* and *California* editions. The firm was previously recognized by *Chambers USA* in the same category in 2017 and 2018 in its *USA Nationwide* edition. Berman Tabacco was also recognized in both securities and antitrust litigation by *U.S. News & World Report—Best Lawyers* in the twelfth Edition of the *Best Law Firms* rankings (2022 ed.) and was previously recognized in antitrust (2019-2021) and securities (2020-2021)

litigation. Berman Tabacco's lawyers are frequently singled out for favorable comments by our clients, presiding judges and opposing counsel.

## ANTITRUST PRACTICE

Berman Tabacco has a national reputation for our work prosecuting antitrust class actions involving price-fixing, market allocation agreements, patent misuse, monopolization and group boycotts among other types of anticompetitive conduct. Representing clients ranging from Fortune 500 companies and public pension funds to individual consumers, the experienced senior attorneys in our Antitrust Practice Group have engineered substantial settlements and changed business practices of defendant companies, recovering more than \$1 billion for our clients overall.

Berman Tabacco has played a major role in the prosecution of numerous landmark antitrust cases. For example, the firm was lead counsel in the Toys "R" Us litigation, which developed the antitrust laws with respect to "hub and spoke" conspiracies and resulted in a \$56 million settlement. Berman Tabacco brought the first action centered on so-called "reverse payments" between a brand name drug maker and a generic drug maker, resulting in an \$80 million settlement from the drug makers, which had been accused of keeping a generic version of their blood pressure medication off the market.

The firm's victories for victims of antitrust violations have come at the trial court level and also through landmark appellate court victories, which have contributed to shaping private enforcement of antitrust law. For example, in the Cardizem CD case, Berman Tabacco was co-lead counsel representing health insurer Aetna in an antitrust class action and obtained a pioneering ruling in the federal court of appeals regarding the "reverse payment" by a generic drug manufacturer to the brand name drug manufacturer. In a first of its kind ruling, the appellate court held that the brand name drug manufacturer's payment of \$40 million per year to the generic company for the generic to delay bringing its competing drug to market was a *per se* unlawful market allocation agreement. Today that victory still shapes the ongoing antitrust battle over competition in the pharmaceutical market.

In the firm's case against diamond giant De Beers, the Third Circuit, sitting *en banc*, vacated an earlier panel decision and upheld the certification of a nationwide settlement class, removing the last obstacle to final approval of an historic \$295 million settlement. The Third Circuit's important decision provides a roadmap for obtaining settlement class certification in complex, nationwide class actions involving laws of numerous states.

In 2016, the firm won reversal of a grant of summary judgment for defendant automakers in a group boycott-conspiracy case involving the export of new motor vehicles from Canada to the U.S. The California Court of Appeal found that plaintiffs had presented evidence of "patently anticompetitive conduct" with evidence gathered in the pre-trial phase, which was powerful enough to go to a jury. The ruling is a rare example of an appellate court analyzing and reversing a trial court's evidentiary rulings to find evidence of a conspiracy.

Today the firm currently represents clients in significant antitrust class actions around the country, including actively representing major public pension funds in prosecuting price-fixing in the financial derivatives and commodities markets in the Euribor and Yen LIBOR actions and the Foreign Currency Exchange Rate action.

While the majority of antitrust cases settle, our attorneys have experience taking antitrust class actions to trial. Because we represent only plaintiffs in antitrust matters, we do not have the conflicts of interest of other national law firms that represent both plaintiffs and defendants. Our experience also allows us to counsel medium and larger-sized corporations considering whether to participate as a class member or opt-out and pursue an individual strategy.

## RESULTS

### ANTITRUST SETTLEMENTS

Over the past nearly three decades, Berman Tabacco has actively prosecuted scores of complex antitrust cases that led to substantial settlements for its clients. These include:

*In re NASDAQ Market-Makers Antitrust Litigation*, No. 94-cv-3996 (S.D.N.Y.). The firm played a significant role in one of the largest antitrust settlements on record in a case that involved alleged price-fixing by more than 30 NASDAQ Market-Makers on about 6,000 NASDAQ-listed stocks over a four-year period. The settlement was valued at nearly \$1 billion.

*In re Foreign Currency Conversion Fee Antitrust Litigation*, MDL No. 1409 (S.D.N.Y.). Berman Tabacco, as head of discovery against defendant Citigroup Inc., played a key role in reaching a \$336 million settlement. The agreement settled claims that the defendants, which include the VISA, MasterCard and Diners Club networks and other leading bank members of the VISA and MasterCard networks, violated federal and state antitrust laws in connection with fees charged to U.S. cardholders for transactions effected in foreign currencies.

*In re DRAM Antitrust Litigation*, No. M:02-cv-01486 (N.D. Cal.). As liaison counsel, the firm actively participated in this multidistrict litigation, which ultimately resulted in significant settlements with some of the world's leading manufacturers of Dynamic Random Access Memory (DRAM) chips. The defendant chip-makers allegedly conspired to fix prices of the DRAM memory chips sold in the United States during the class period. The negotiated settlements totaled nearly \$326 million.

*Sullivan v. DB Investments, Inc.*, No. 04-02819 (D.N.J.). Berman Tabacco represented a class of diamond resellers, such as diamond jewelry stores, in this case alleging that the De Beers group of companies unlawfully monopolized the worldwide supply of diamonds in a scheme to overcharge resellers and consumers. In May 2008, a federal judge approved the settlement, which included a cash payment to class members of \$295 million, an agreement by De Beers to submit to the jurisdiction of the United States court to enforce the terms of the settlement and a comprehensive injunction limiting De Beers' ability to restrict the worldwide supply of diamonds in the future. This case is significant not only because of the large cash recovery but also because previous efforts to obtain jurisdiction over De Beers in both private and government actions had failed. On August 27, 2010, the United States Court of Appeals for the Third Circuit agreed to hear arguments over whether to uphold the district court's certification of the settlement class. By agreeing to schedule an *en banc* appeal before the full court, the Third Circuit vacated a July 13, 2010 ruling by a three-judge panel of the appeals court that, in a 2-to-1 decision, had ordered a remand of the case back to the district court, which may have required substantial adjustments to the original settlement. On February 23, 2011, the Third Circuit, sitting *en banc*, again heard oral argument from the parties. On

December 20, 2011, the *en banc* Third Circuit handed down its decision affirming the district court in all respects.

*In re Lithium Ion Batteries Antitrust Litigation*, No. 13-md-2420-YGR (N.D. Cal.). As co-lead class counsel for Direct Purchaser Plaintiffs (“DPPs”) in this multidistrict antitrust litigation, the firm achieved settlements totaling \$139.3 million. The litigation arose from an alleged worldwide conspiracy to fix prices of lithium-ion rechargeable batteries (“LiBs”). LiBs are components of LiB camcorders, digital cameras and laptop computers. The alleged conspiracy involved some of the largest companies in the world—Sony, Samsung SDI, Panasonic, Sanyo, LG Chem, Toshiba, Hitachi Maxell and NEC Corp. The lawsuit alleges that defendants participated in a conspiracy to fix the prices of LiBs, which affected the prices paid for the batteries and certain products in which the batteries are used. Plaintiffs successfully defeated multiple motions to dismiss involving complex issues of antitrust standing and the pleading of conspiracy allegations. Berman Tabacco and the team negotiated multiple settlements totaling \$139.3 million. The court granted final approval on May 16, 2018.

*In re Sorbates Direct Purchaser Antitrust Litigation*, No. C 98-4886 CAL (N.D. Cal.). The firm served as lead counsel alleging that six manufacturers of Sorbates, a food preservative, violated antitrust laws through participation in a worldwide conspiracy to fix prices and allocations to customers in the United States. The firm negotiated a partial settlement of \$82 million with four of the defendants in 2000. Following intensive pretrial litigation, the firm achieved a further \$14.5 million settlement with the two remaining defendants, Japanese manufacturers, in 2002. The total settlement achieved for the class was \$96.5 million.

*In re Disposable Contact Lens Antitrust Litigation*, MDL No. 1030 (M.D. Fla.). The firm acted as co-lead counsel and chief trial counsel. Representing both a national class and the State of Florida, the firm helped secure settlements from defendants Bausch & Lomb and the American Optometric Association before trial and from Johnson & Johnson after five weeks of trial. The settlements were valued at more than \$92 million and also included significant injunctive relief to make disposable contact lenses available at more discount outlets and more competitive prices.

*In re Cardizem CD Antitrust Litigation*, No. 99-01278 (E.D. Mich.). In another case involving generic drug competition, Berman Tabacco, as co-lead counsel, helped secure an \$80 million settlement from French-German drug maker Aventis Pharmaceuticals and the Andrx Corporation of Florida. The payment to consumers, state agencies and insurance companies settled claims that the companies conspired to prevent the marketing of a less expensive generic version of the blood pressure medication Cardizem CD. The state attorneys general of New York and Michigan joined the case in support of the class. The firm achieved a significant appellate victory in a first of its kind ruling that the brand name drugmaker’s payment of \$40 million per year for the generic company to delay bringing its generic version of blood-pressure medication Cardizem CD to market constituted an agreement not to compete that is a *per se* violation of the antitrust laws.

*In re Toys “R” Us Antitrust Litigation*, MDL No. 1211 (E.D.N.Y.). Berman Tabacco negotiated a \$56 million settlement to answer claims that the retailer violated laws by colluding to cut off or limit supplies of popular toys to stores that sold the products at lower prices. The case developed the antitrust laws with respect to a “hub and spoke” conspiracy, where a downstream power seller coerces upstream manufacturers to the detriment of consumers. One component of the settlement required Toys “R” Us to donate \$36 million worth of toys to needy children throughout the United States over a three-year period.

*In re Reformulated Gasoline (RFG) Antitrust and Patent Litigation*, MDL No. 05-1671 (C.D. Cal.). Berman Tabacco, as co-lead counsel, negotiated a \$48 million settlement with Union Oil Company and Unocal. The agreement settled claims that the defendants manipulated the California gas market for summertime reformulated gasoline and increased prices for consumers. The noteworthy settlement delivered to consumers a combination of clean air benefits and funding for alternative fuel research.

*In re Abbott Laboratories Norvir Antitrust Litigation*, Nos. 04-1511, 04-4203 (N.D. Cal.). Berman Tabacco acted as co-lead counsel in a case on behalf of indirect purchasers alleging that the defendant pharmaceutical company engaged in an illegal leveraged monopoly in the sale of its AIDS boosting drug known as Norvir (or Ritanovir). Plaintiffs were successful through summary judgment, including the invalidation of two key patents based on prior art, but were reversed on appeal in the Ninth Circuit as to the leveraged monopoly theory. The case settled for \$10 million, which was distributed net of fees and costs on a *cy pres* basis to 10 different AIDS research and charity organizations throughout the United States.

*Automotive Refinishing Paint Antitrust*, J.C.C.P. No. 4199 (Cal. Super. Ct.). In this class action, indirect purchaser-plaintiffs brought suit in California State Court against five manufacturers of automotive refinishing coatings and chemicals alleging that they violated California law by unlawfully conspiring to fix paint prices. Settlements were reached with all defendants totaling \$9.4 million, 55% of which was allocated among an End-User Class consisting of consumers and distributed on a *cy pres*, or charitable, basis to thirty-nine court-approved organizations throughout California, and the remaining 45% of which was distributed directly to a Refinishing Class consisting principally of auto-body shops located throughout California.

## TODD A. SEAVER

A partner in the San Francisco office, Todd A. Seaver litigates both antitrust and investment-related matters, with a primary focus on developing and litigating antitrust cases. He has led the day-to-day management of one of the largest antitrust class actions in history, and has litigated antitrust cases involving varied industries of high-tech, pharmaceuticals, autos, chemicals, consumer electronics, biotech, diamonds and online retailing. He is a leader of the firm's antitrust practice group, marshalling the firm's extensive investigative resources and then litigating the cases.

Currently, Mr. Seaver is co-lead counsel for consumer plaintiffs in an antitrust class action against American Express, *Oliver v. American Express Co.*, No. 1:19-cv-00566-NGG (E.D.N.Y.). The action is at the forefront of the payments industry and is now shaped by the landmark ruling in *Ohio v. American Express Co.*, 138 S. Ct. 2274 (2018), in which the U.S. Supreme Court articulated a new analytical framework for so-called "two-sided" markets.

Mr. Seaver is also presently counsel for plaintiffs and represents California State Teachers' Retirement System (CalSTRS) in the Euribor (*Sullivan v. Barclays PLC, et al.*, No. 13-cv-2811 (S.D.N.Y.)) and Yen Libor (*Laydon v. Mizuho Bank, Ltd.*, No. 1:12-cv-03419 (GBD) (S.D.N.Y.)), and *Sonterra Capital Master Fund, Ltd. v. UBS AG*, No. 1:15-cv-05844 (GBD) (S.D.N.Y.) antitrust cases involving Wall Street banks' manipulation of interest rate benchmarks and bid-ask spread price fixing on interest rate derivatives. He also currently represents Orange County Employees' Retirement System (OCERS) in an ongoing antitrust class action (*Dennis v. JP Morgan Chase & Co.*, No. 16-cv-06496-LAK (S.D.N.Y.)) alleging that U.S., European, and Australian banks manipulated the interest rate benchmark used to price derivatives that were denominated in Australian dollars and sold to U.S. investors. He also currently represents Fresno County Employees' Retirement Association (FCERA) in *In re Foreign Exchange Benchmark Rates Antitrust Litigation*, No. 13-cv-07789 (S.D.N.Y.), an antitrust class action against Wall Street banks for manipulating a foreign currency exchange rate benchmark and fixing bid-ask spreads on trillions of dollars of foreign currency exchange transactions.

He also leads plaintiffs' efforts in *In re New Motor Vehicles Canadian Export Antitrust Litigation*, in which Berman Tabacco is lead counsel. The case alleges that major auto manufacturers unlawfully conspired to stop the export of cheaper new Canadian vehicles into the United States for use or resale. The case has partially settled with Toyota Motor Sales U.S.A. for \$35 million and with General Motors of Canada for \$20.15 million. The litigation is ongoing in California state court, with the California Court of Appeal having recently reversed the trial court's grant of summary judgment in favor of defendant Ford Canada.

Mr. Seaver recently had a leading role in several cases, including, *In re Lithium Ion Batteries Antitrust Litigation*, No. 13-md-2420-YGR (N.D. Cal.), where the firm was co-lead counsel for direct purchaser plaintiffs. Settlements were reached totaling \$139.3 million for the direct purchaser class (final approval on the last three settlements was granted on May 16, 2018). The lawsuit alleged that defendants, including LG, Panasonic, Sony, Hitachi and Samsung, participated in a conspiracy to fix the prices of lithium ion rechargeable batteries, which affected the prices paid for the batteries and certain products in which the batteries were used and which the defendants sold. Mr. Seaver argued and defeated motions to dismiss

and deposed fact witnesses and defendants' expert economist and made the oral argument in opposition to defendants' *Daubert* motions to exclude plaintiffs' expert economist's opinions at class certification.

Mr. Seaver led efforts for the firm in an action against Netflix and Wal-Mart, *In re Online DVD Rental Antitrust Litigation*, in which Berman Tabacco was among lead counsel. He was responsible for managing many aspects of discovery, class certification and summary judgment, as well as for achieving partial settlement with defendant Wal-Mart. He successfully argued in Ninth Circuit Court of Appeals for that case on an issue of first impression regarding the Class Action Fairness Act and settlements involving a mix of cash consideration and electronic store gift cards. He was also one of the lead counsel in *In re Optical Disk Drive Antitrust Litigation* and also worked on a number of the firm's high-profile cases including *Cardizem CD*, still the leading generic drug competition case, which settled in 2003 for \$80 million. In the *Cardizem CD* case, Berman Tabacco was co-lead counsel representing health insurer Aetna in an antitrust class action and obtained a pioneering ruling in the federal court of appeals regarding the "reverse payment" by a generic drug manufacturer to the brand name drug manufacturer. In a first of its kind ruling, the appellate court held that the brand name drug manufacturer's payment of \$40 million per year to the generic company for the generic to delay bringing its competing drug to market was a per se unlawful market allocation agreement. Today that victory still shapes the ongoing antitrust battle over competition in the pharmaceutical market.

Mr. Seaver spearheaded the landmark case against the major credit rating agencies (Standard & Poor's and Moody's), *California Public Employees' Retirement System v. Moody's Corp.*, No. CGC-09-490241 (Cal. Super. Ct. San Francisco Cty.). The case, filed on behalf of the nation's largest state pension fund, the California Public Employees' Retirement System (CalPERS), was groundbreaking litigation that held the rating agencies financially responsible for negligent misrepresentations in rating structured investment vehicles. Moody's and Standard & Poor's agreed to pay a total of \$255 million (\$130 million and \$125 million, respectively) to settle CalPERS' claim that "Aaa" ratings on three SIVs were negligent misrepresentations under California law. This case was groundbreaking in that (i) the settlements rank as the largest known recoveries from Moody's and S&P in a private lawsuit for civil damages; and (ii) it resulted in a published appellate court opinion finding that rating agencies can, contrary to decades of jurisprudence, be liable for negligent misrepresentations under California law for their ratings of privately-placed securities.

Mr. Seaver was previously associated with the law firm Devine, Millimet & Branch, P.A., where he practiced commercial litigation. He was an adjunct Professor of Law with the New England School of Law in 2003, teaching Appellate Advocacy.

Mr. Seaver is a member of the American Bar Association's Antitrust Section and served a two-year term as a Director for the San Francisco Bar Association's Antitrust Committee in 2012-2013.

Mr. Seaver was ranked by *Benchmark Litigation* as a *California Litigation Star* (2022), *Local Litigation Star* (2019-2020, 2022), *California Future Star* (2020-2021), and *Noted Star* (2019-2021) in *Plaintiff Work and Securities*. He was also named a *Super Lawyer* by *Northern California Super Lawyers Magazine* (2017-2022), and has been recognized by *Global Competition Review's Who's Who Legal: Competition* (2017-2019). *Who's Who Legal* has also named Mr. Seaver a *Thought Leader* in *Competition* (2019-2020, 2022). He was selected by *Lawdragon* for its *500 Leading Plaintiff Financial Lawyers* guide (2019-2021), as featured in *Lawdragon's The Plaintiff Issue* magazine (2020-2021). In 2020, *The Legal 500* reported a client's praise for Mr. Seaver stating that he "displays deep knowledge of specialized finance."

Mr. Seaver graduated *magna cum laude* from Boston University in 1994 with a B.A. in International Relations. He earned a M.Sc. from the London School of Economics in 1995 and graduated *cum laude* from the American University Washington College of Law in 1999. While in law school, Mr. Seaver served as a law clerk at the Federal Trade Commission's Bureau of Competition and as a judicial extern for the Honorable Ricardo M. Urbina, U.S. District Court for the District of Columbia.

Mr. Seaver is a member in good standing in the Commonwealth of Massachusetts, the states of California and New Hampshire, as well as the U.S. District Courts for the District of Massachusetts, the District of New Hampshire, and the Northern, Eastern, Central and Southern Districts of California.
